European Day of Languages Competition

The Spanish department celebrated the European Day of Languages on Friday 26th September. It's a celebration of all languages spoken around the world and the diversity of cultures in other countries. There are over 7,000 languages spoken around the world and only 5% of the world's population speak English as a first language. This helps highlight the importance of language learning and the fun that can be had learning them. All pupils in Key Stage 3 took part in a plate poster competition which involved choosing a country and decorating their plate with fun facts, flags, phrases and cultural traditions. Well done to all students who won prizes! ¡Bien hecho!
